

Safe to Play

A safe playing zone for youth sports

Based on the Colorado Department of Health's Guidelines for Outdoor Events
Approved by the City of Glenwood – Parks & Recreation
<https://covid19.colorado.gov/safer-at-home/outdoor-events>

GUIDELINES

1. Collect contact information for players, coaches, team managers, conveners and referees prior to the event. Collect information on all attendees, including a signed Confirmation of Health form, before allowing entrance. Include times of arrival and departure if possible, to help with potential exposure notification.
2. Limit capacity depending on venue size accounting for usable square footage with a maximum of 175 people per designated activity. (Note: Players are not included in capacity limits as long as they do not join the spectator/patron areas at any time and remain at least 25 feet from attendees. If players join the patron space, they must be included in the capacity limit numbers.)
3. Provide generous and flexible cancellation policies so that if participants start experiencing symptoms, they can cancel.
4. Ensure 25 feet or more distance between those participating in the game (players, coaches and referees) and fans.
5. Seating of fans at events will be appropriately spaced to reduce mingling and reinforce the necessary distance between individuals in different households. Fans will be encouraged to refrain from mixing and mingling with others not in their household during events as much as possible.
6. Establish single-direction traffic flow in and out of outdoor venue and seating areas by establishing separate entrances and exits.
7. When possible, section off the event area and post SAFE TO PLAY notifications to ensure all passers-by understand this is a monitored event and a Confirmation of Health form is required to attend.

8. Enhance cleaning and sanitization of common touch points (basketballs, water bottle refill stations, etc).
9. Provide hand sanitizing stations at entrances and in high-traffic areas and encourage frequent handwashing.
10. Participants (e.g., players, coaches, referees, organizers etc.) in events must confirm they are not experiencing fevers, symptoms, and exposures before or at arrival by filling out a Confirmation of Health form. This form will also provide contact information on all attendees.
11. Participants who have been in close contact with a person suspected or confirmed to have COVID-19 should not participate and should self-quarantine.
12. Populations at higher risk for severe COVID-19 should consider additional protections or staying home during this time per CDPHE guidance.
13. Encourage remote participation whenever possible.
14. All attendees must wear face masks, including fans, conveners, coaches and team managers. Players and referees in the court area do not need to wear face masks.
